

**HOW YOUR CHURCH
CAN BE *pro-love***

TEN WAYS YOUR CHURCH CAN BE PRO-LOVE

02

Talk about **LIFE** from the pulpit. Let your church be known more for what you are for than what you are against. Let your congregation know that you are a safe place to come to if anyone has an unexpected pregnancy.

04

Launch an Abortion Healing group at your church. Help set men and women free that are struggling with shame from their abortion experience. Free people free people, and freedom is contagious! Share with your congregation about God's healing and forgiveness. There are many abortion healing curriculums that are out there. Research and find a program that is a good fit for your church.

01

Start an Embrace Grace support group at your church for single and pregnant young women. There are women in your community that need you to open your doors and hearts and offer help and hope to help them be brave and choose life! Just go to www.EmbraceGrace.com for more information!

03

Find the pregnancy centers in your community and allow them to introduce themselves to your congregation. Have them explain how they serve women and save lives. Empower your church to all donate to their local pregnancy centers. Tony Evans, one of my favorite pastors says, "Pregnancy Centers are the first response team and the church is the hospital." We are more effective when we work together!

05

Start an Embrace Life support group at your church for single young moms. Being a single mom without a support system is really hard and they crave community and a place to belong. Starting a support group at your church will allow them to be mentored, empowered and disciplined. Check out www.EmbraceGrace.com for more information!

06

Host a Love Box packing party at your church! Love Boxes are given to women with unplanned pregnancies to offer encouragement and hope as well as an invitation to a local church that has an Embrace Grace support group. Each box consists of the book, *Bump in Life*, Fearless Journal, 'Best Gift Ever' onesie, hand-written 'Dear Brave Girl' letter and more! These boxes can be assembled at your church and then given to a local pregnancy center as a gift from your church to the center. Go to www.EmbraceGrace.com for more information!

08

Start an Embrace Legacy support group at your church for young fathers. This program will inspire men to step up and be the dad God created them to be and create a new legacy for their families. For more information, go to www.EmbraceLegacy.com.

10

Challenge your church members to do small groups reading through Amy Ford's new book, *Help Her Be Brave: Discover Your Place in the Pro-Love Movement* and empower the attendees to find a place to get involved using their gifts, talents and passions!

07

Send a team to pray outside your local abortion clinic and offer help to the women going in or out. Be a beacon of hope and peace for them when they need it most. There are great ministries like 40 Days for Life and Sidewalk Advocates that you can get your church involved in.

09

Create a list of local ministries and resources that you can have ready for when you meet a single and pregnant mom - especially your local pro-life pregnancy center, complete with phone numbers and who they serve. Share what you made with your leadership team so you're prepared when God connects you with someone that needs help.

For hundreds of ideas on how you can empower women to be brave and choose life, grab your copy of *Help Her Be Brave: Discover Your Place in the Pro-Life Movement* today!
